## Intuitive simplicity

airCloud Pro is designed to make your job easier. An intuitive app that anyone can use, airCloud Pro makes managing your air conditioning systems simpler than ever before.

## Is airCloud Pro for me?

- Save energy
- Save time and unnecessary transportation
- Delegate administrators of VRF systems
- Create a comfortable climate for guests
- All VRF users can enjoy these benefits!

## Control from anywhere

Enjoy the freedom of remote access from your smartphone or PC. airCloud Pro allows you to remotely control an unlimited number of VRF system(s) from a single app, saving you travel time.

## Future-proof

With updates and new features added regularly, airCloud Pro ensures you are always up to date.

Compatible with new and previous Hitachi Variable Refrigerant Flow systems<sup>1</sup>

## A simple yet powerful tool

### Simplify your job

#### Centralised control

Control your entire VRF system or selected zones in one touch.

#### Simplified troubleshooting

A clear error history, concise error description and reminder to clean filter.

#### Smartphone alerts<sup>2</sup>

In the event of a critical malfunction.

#### Flexible user management

Add unlimited number of users and custom access restrictions.

### Create better comfort

Adjust **temperature, fan speed, and modes** with ease, creating total comfort and the ideal climate throughout your building.

An **integrated weather forecast<sup>2</sup>** display helps you determine the most suitable conditions for your indoor spaces all year round.

### + Data security

- **Best-in-class standards:** TLS.v1.2, HTTPS 2038 encryption
- **Minimal personal details:** only your name, email address and phone number are required for login

### Save more energy

#### Energy consumption data<sup>2</sup>

Simple graphs that allow you to visualize power consumption, so that you can monitor units with heavy-usage in your system.

#### Intuitive scheduling

Plan operations ahead based on your business hours and exceptions such as holidays.

#### Individual controller lock

Prevent inappropriate usage from occupants.

### Easy plug-and-play

Our airCloud Gateway makes installation easy.

Connect to the airCloud via **Ethernet** and pair your VRF systems via QR code scan.

With **automatic detection of indoor units** and an optimised **installer view**, configuring your site and zones has never been quicker.

### How airCloud Pro works

Gateway Specifications €€	HC-IOT GW
Dimensions (W*H*D) (mm)	138*200*41
Net weight (g)	540
Connection capacity	16 outdoor + 80 indoor units
Power supply (V)   (Hz)	100-240, AC   50/60
Max. power consumption (W)	10
Communication port	1 H-LINK, 1 RS485 Port
Internet connection	LAN (Ethernet)
External interface (log storage)	1 micro SD card slot
